If claiming the non-small business subcontractor preference, the bid response must include a list of the small business(es) with which you commit to subcontract in an amount of at least twenty-five percent (25%) of the net bid price with one of more California certified small businesses. Each listed certified small business must perform a "commercially useful function" in the performance of the contract as defined in Government Code Section 14837(d)(4).

The SB preference will be applied when a responsible bidder that is not a CA certified SB or a non-SB claiming 25% CA certified SB subcontractor participation submits the lowest responsive bid.

For award based on low price, the preference is applied by reducing the bid price by the amount of preference as computed from the lowest responsive and responsible bid price. The computation is for evaluation purposes only. Application of the preference shall not displace an award to a small business with a non-small business.

A copy of the Bidder's SB certification should be included with the Bid Package.

and the OSDC must be able to approve the application as- submitted. Questions regarding certification should be directed to the OSDC at (916) 375-4940.

The incentive is applied during the evaluation process and is only applied for responsive bids from responsible bidders proposing the percentage(s) of DVBE participation for the incentive(s) specified above.
